

Here's why you should consider pet insurance

Even minor vet bills can add up to major spending. In fact, pet parents will spend nearly \$19 billion on veterinary care this year.¹ With a My Pet ProtectionSM plan from Nationwide[®], you can get cash back on eligible veterinary expenses.

My company offers pet insurance. Can you tell me more about it?

Our popular My Pet ProtectionSM pet insurance plans offer three levels of reimbursement: 90%, 70%, or 50%.² These plans are available exclusively for employees.

How does it work?

You have \$7,500 to spend on your pet each year. Once you meet your low \$250 annual deductible, we'll reimburse you up to 90% of your vet bill.² That's it!

What's covered?

We cover everything from ear infections and upset stomachs to diabetes and cancer.²

You'll be covered for your pet's exams, meds and lab tests. Surgeries and hospitalization are covered, too. We also offer wellness coverage for things like vaccinations and dental cleaning.

We even cover things other pet insurers don't, like prescribed nutritional supplements and prescription diets. Plus, we offer additional benefits including lost pet advertising/reward, emergency boarding and more.

What about hereditary and congenital conditions?

Yes and yes. As long as your pet doesn't show symptoms of or isn't diagnosed with the hereditary or congenital condition before your policy effective date, it's covered.²

That's a lot of coverage! Is there stuff that isn't covered?

There are some things that aren't covered so we can keep plans affordable, including non-veterinary services, tax, grooming and pre-existing conditions.²

Can I still use my vet?

Absolutely. You're free to visit any licensed veterinarian, anywhere in the world—even specialists and emergency providers—no network required.

How do I get reimbursed when my pet gets sick or hurt?

It's easy: Pay your vet, send us your claim and get money back directly to your bank account or sent via check.
